

Kamloops Minor Hockey Association Online Registration User Guide

We will be using Team Snap for your online registration this season. Please read these instructions before you begin and pay particular attention the highlighted information.

Supported browsers: Chrome, Safari, Mozilla Firefox or Microsoft Edge

Please note: Internet Explorer is not supported and will not work for Team Snap registration.

Step 1-

Go to <https://kamloopsminorhockey.com/registration/> and select **Register at bottom of page**.

Do not click Register again as it will start a new registration; finish your registration in Team Snap.

One of three things will happen:

1. There may already be an existing registration (it will notify you of Registrations in Progress)
2. Team Snap may find Participants associated with your account (it will list them)
 - To begin here, select one of the Participants it has found and select Register Participant
3. Team Snap may ask you to Register Participant

Step 2-

Enter Participant Info (start at the top and complete this section first)

You will need your child's Hockey Canada ID number for this section. You can find this number on your official Hockey Canada receipt from the previous season or in the Child Management section in your Parent Respect in Sport account.

You will be asked to choose the division that your child is going into next season:

- Under -7 (birth years 2017, 2018 and 2019)
- Under -9 (birth years 2015 and 2016)
- Under -11 (birth years 2013 and 2014)
- Under -13 (birth years 2011 and 2012)
- Under -15 (birth years 2009 and 2010)
- Under -18 (birth years 2006, 2007 and 2008)

Are you registering more than one Participant?

NO! Then please scroll down to the next section and enter Parent Info

YES! Then do not move on. Was the second participant listed on the first screen?

If yes, then choose Add Existing Participant

If not, then choose Add New Participant

(This is directly below the last field you completed for your first participant)

Do not click Add New Participant again if you are only registering one participant; it is not a save button, it opens a second section for additional participants.

Continue adding all the participants in your family before continuing.

Step 3-

Enter Parent Info (before you save and continue, please scroll back up to ensure AutoFill has not overwritten your child's name with yours).

Save and Continue

Step 4-

Documents and Waivers – carefully read each document or waiver and sign and/or acknowledge as required.

Step 5-

Programs & Fees – review and select each fee then Save and Continue

Step 6-
